

ACTIVITY 10: “Using the Subtraction Chart”

Purpose of the activity:

- Student will be able to use the subtraction chart to subtract one number from another.

Materials needed:

- Subtraction chart and 1 advanced black die and one basic red die.

How to play:

- Teacher sets advanced black die to 10 or above or basic red die to 6 or less and rolls the other one and has Student show how to use the chart to find the answer.

Possible Next Steps/ When to Move On:

- Teacher discretion when student can correctly use the chart well consistently.
