

ACTIVITY 16: “Roll Three Black Dice Addition”

Purpose of the activity:

- Student will be able to add three numbers from 2 to 13 together reaching a sum anywhere from 10 to 31.

Materials needed:

- Two basic black dice and one advanced black die.

How to play:

- Teacher rolls three dice and has Student find the sum.

Possible Next Steps/ When to Move On To Next Activity:

- When the Teacher is satisfied that the Student can add whatever three numbers show up on the dice accurately and without hesitation it is time to advance to adding two advanced black dice to one basic black die and then eventually to adding all four black dice together.
