

ACTIVITY 24: "Roll two green dice multiplication" (One advanced green and one basic green die)

Purpose of the activity:

- Student will be able to multiply any two numbers together from 2 through 13.

Materials needed:

- Multiplication chart and one advanced green die and one basic die.

How to play:

- Teacher rolls advanced green die and basic green die and has the Student multiply them and find the product. Student may use chart at the beginning to show Teacher how they got the answer

Possible Next Steps/ When to Move On To Next Activity:

- When the Teacher is satisfied that the Student can multiply whatever two numbers show up on the dice accurately and without hesitation it is time to advance to rolling both the advanced green dice.
