

ACTIVITY 11: “Write the Equation for Subtraction”

Purpose of the activity:

- Student will be able to write the equation for a subtraction problem.

Materials needed:

- Subtraction chart and one advanced black die and one basic red die.

How to play:

- Teacher sets the advanced black die at 10 or greater or the basic red die at 6 or less and then rolls the other die and Student uses the pen to put the equation and answer on the bottom of the subtraction chart. Student may use the chart at the beginning to help get the difference but should get to the point where they don't need it.

Possible Next Steps/ When to Move On:

- Teacher discretion when Student can neatly and accurately write out the subtraction equation.
