

ACTIVITY 22: "Roll Two Dice Multiplication"

Purpose of the activity:

- Student will be able to multiply two one-digit numbers together.

Materials needed:

- Multiplication chart and two basic green dice.

How to play:

- Teacher rolls two dice and has the Student multiply them together. Student may use chart at the beginning to show Teacher how they got the answer.

Possible Next Steps/ When to Move On To Next Activity:

- When the Teacher is satisfied that the student can multiply whatever two numbers show up on the dice accurately and without hesitation it is time to advance to the advanced green dice.
