

ACTIVITIES 39: “Add, subtract and multiply with square roots”

Purpose of the activity:

- Student will be able to add, subtract and multiply with the square root of the perfect squares of all the numbers from 2 through 13

Materials needed:

- Both square root dice and the white “operational” die

How to play:

- Teacher rolls all three dice and the student figures out the answer
- Teacher may “set” the operational die to work on a particular operation or “set” a square root die to work with a particular square root.
